The Fellowship Of The Spirit is continuing to have meetings Monday and Thursday nights. Our numbers are consistent both nights. We are staying self supporting and are maintaining our prudent reserve. All in all we are doing well.

We have had a couple inquiries about meeting times and places. We also have a couple newcomers to the group. We are still struggling to fill service positions. The secretary has added a cosigner to the bank account to help oversee funds and add accountability. We have a business meeting planned after the Monday night meeting discussing solutions to our lack of members able to do service work. Also discussing updating our flyer.

We have no new solutions or suggestions to share at this time.

We continue to post flyers with our meeting time and contact information at various places around the island, as well as current schedules. notice in our local weekly
