

DCM Report April 2026 – May 2026

Hi all,

As you will find out at our business meeting, lots of work has taken place in front of and behind the scenes. We'll have a report on the Summer Surrender Panel Discussion that took place on Saturday, May 9th. Thanks to Josh and all those involved that made it a successful and informative event. May has been working to bring us a special exposition on the life and times of Marty Mann, one of the first members of AA.

May has also been working on coming up with a new "service board" on our website. We had a special page with visual links to pamphlets, but it was discontinued. We're going to do a modified version on our own website so that we never end up with broken or outdated links. I'll be inviting her to talk about the progress being made so far.

Gary has been busy on two fronts, the first being exploring the idea of a service fair. He's been in touch with Area 92 which recently held one and has reached out to Sara, D2 DCM Area 92 for more information. It holds a very real potential for educating and inspiring us to continue in service. The second area involves holding an Area 72 business quarterly in 2027. He has been talking to Ed from district 4 and they're moving this idea forward.

GSRs! (And everyone else). So you sent Courtney your group's thoughts on various topics that were brought up. Here's a document which covers what the General Service Conference (GSC) did with those items: <https://tinyurl.com/hdvsvb2mf>.

All of us will have a chance to hear her speak on her experiences at the Northern District's sponsored Report Back. This is being held on Saturday, May 30th, from 10:00 am to 2:00 pm. at the Skagit PUD Building, located at 1415 Freeway Drive, Mt. Vernon, WA. 98273. It's a hybrid meeting. **Zoom ID:** 923 9173 3261 **Passcode:** 256751.

My final bit of news has to do with the summary report of the April Business Meeting. It came to us later this quarter and will have a correction or two made in the final, more detailed report. You can access it [HERE](#).

This has been a rough month for me and I didn't meet all of my service commitments. There's no newsletter for this month and I still don't have firm commitments for our inventory and election processes. I hope to wrap these last two up this next week.

I'm looking forward to seeing everyone tomorrow in Friday Harbor. Remember: walk ons are the way to go.

Thanks for allowing me to be of service!

Dave J
DCM District 46
For free and for fun!
