### Comment

We continue to have meetings on Monday and Thursday nights. As a outdoor group, our numbers fluctuate with the weather but we have a strong core group that attends regularly. We even have a few newcomers. We just had our gratitude dinner with over 20 attendants. Our finances are stable. Overall we are doing well.

Presently we have nothing new to report. We are learning to use the hybrid equipment purchased from the Tapevine Group. Almost figured out! We continue to post Lopez Group info and schedules around the island and notices in the local paper.

**Blue Box Group** Roger R. GSR [<rrbar99@aol.com>](mailto:rrbar99@aol.com)

We are holding steady at about 10-12 showing up for meetings on Tuesday and Friday evenings from 7:30-8:30. There is a women's meeting from 6:00-7:00 on Thursday nights. Business meetings are poorly attended.

Our group is concerned with the financial health of GSO. We would like to know if there are any statistics on the number of online groups contributing to GSO. Covid is pretty much over, but it seems that many people are choosing to stay home and have meetings in their "jammies".
